

509 GLAS REINIGER

RAMSAUER®
DICHTSTOFFE

Alcohol based glass cleaner

TECHNICAL DATA

Colour: light blue
Density: 0.989
Light blue, clear liquid of low viscosity
pH value conc.: approx. 8
pH value 10%: approx. 7.5
Foaming behaviour: good
Packaging: 5 litre canister/ 1 litre bottle

CHARACTERISTICS

509 GLAS REINIGER offers excellent dirt-removing properties, due to its environment-friendly solvents. It cleans all hard surfaces such as glass, tiles, washbasins, etc. effectively, drying fast and without leaving stripes or streaks.

PROCESSING

Spray 509 GLAS REINIGER on the glass surface and wipe it using a clean dry cloth. When used on window frames, put 509 GLAS REINIGER on a well-moistened cloth and clean the frame. Then, wipe it using a clean cloth. 509 GLAS REINIGER can be used in diluted form at dilution ratios down to 1:10.

SAFETY ADVICE

For safety advice, consult the current Safety Data Sheet which is available at any time on our website at www.ramsauer.at.

LIABILITY FOR DEFECTS

The information provided including but not limited to the proposals for processing and using our products is based on our knowledge and experience, usually at the time of going into print. The results of work may deviate from this information depending on the specific circumstances, in particular with respect to substrates, processing and environmental conditions. Therefore, neither this information nor any oral counselling shall constitute warranty or give rise to any liability on

whatever legal ground for any specific result of work, unless we acted intentionally or by gross negligence.

Ramsauer warrants that its products will have the technical characteristics according to the Technical Data Sheets up to their expiry date.

Product users must consult the latest data sheet which is available upon request. Our current General Terms and Conditions apply which are available for download on our website www.ramsauer.at.
